

Linksys E4200 | Maximum Performance Wireless-N Router

Create a maximum performance wireless network. Enjoy unrivaled speed and HD/3D quality streaming for the ultimate home theater and gaming experience.

Ideal for:

- ✓ Networking large, multi-room homes and home theaters
- ✓ Streaming HD video and music plus multiplayer gaming
- ✓ Transferring and downloading large files
- ✓ Connecting multiple users and devices - TVs, Blu-ray players and game consoles
- ✓ Adding storage, printers, or other USB devices

Key features and benefits:

Wireless-N

Built with leading 802.11n technology for top performance and range

Broad Compatibility

Works seamlessly with all a/b/g/n Wi-Fi devices around your home

Simultaneous Dual-Band – 2.4 + 5 GHz

Double the network bandwidth to avoid interference and optimize throughput for smoother HD video streaming, file transfers, and wireless gaming

Maximum Speed – Up to 300 + 450 Mbps

Ultra-fast transfer rates to connect computers, Internet-ready TVs, game consoles, and other Wi-Fi devices at unrivaled speeds for a premium networking experience

Maximum Range

Full 3x3 MIMO antenna array for optimal coverage and reliability

SpeedBoost

Increases signal strength across greater distances for added in-home mobility

Advanced Security

Keep Wi-Fi freeloaders and threats at bay with WPA/WPA2 encryption and SPI firewall to help keep your network protected

Gigabit Ethernet Ports

Four 10/100/1000 ports to connect wired devices high speeds, 10x faster than standard Ethernet

USB Storage Port

Add an external hard drive to your network and share files at home or over the Internet

UPnP Media Server

Built-in Media Server for seamless streaming of your video and media files to an Xbox 360, PS3, or other UPnP compatible device

Quality of Service

Traffic prioritization technology delivers smooth performance for music, voice and video

Home Theater Ready

Bring the ultimate entertainment experience to your home by connecting computers, Internet-ready TVs, game consoles, media players and more to your wireless network and the Internet. Simultaneous dual-band N and QoS traffic prioritization technology delivers maximum speed and performance so you can enjoy fast downloads, smooth video and music streaming, and lag free gaming and VoIP

Cisco Connect Software

Set Up & Manage with Ease

• Quick Three Step Setup

• Customizable Parental Controls

• Instant Guest Access

• Optional Advanced Settings

Linksys E4200 | Maximum Performance Wireless-N Router

Specifications	
Model:	Linksys E4200
Technology:	Wireless-N
Bands:	Simultaneous 2.4 and 5 GHz
Transmit / Receive:	2 x 3 (2.4 GHz) and 3 x 3 (5 GHz)
Antennas:	6 Internal
Ethernet Ports x Speed:	4 x Gigabit
USB Port:	Yes
Software Setup:	CD Install
Cisco Connect Software:	Yes
Support:	24/7 Award-winning Online Support Resources 90 days Complimentary Assisted Support http://homesupport.cisco.com/en-us/linksysupportservices
Warranty:	1 year hardware limited warranty
OS Compatibility:	Windows, Mac
Minimum System Requirements:	
Internet Browser:	Internet Explorer 7, Safari 4 or Firefox 3 or higher for optional browser-based configuration
PC:	Wi-Fi enabled PC with CD or DVD drive, running Windows XP SP3, Windows Vista SP1 or later, or Windows 7
Mac:	Wi-Fi enabled Mac with CD or DVD drive, running OS X Leopard 10.5 or Snow Leopard 10.6z
Package Contents:	Linksys E4200 Maximum Performance Wireless-N Router, CD-ROM with setup software and resources, Ethernet network cable, Quick Installation Guide Power adapter
Package Dimensions:	12 x 9 x 2.8 in.

Linksys E4200
MSRP \$179.99

*The maximum performance for wireless is derived from IEEE Standard 802.11 specifications. Actual performance can vary, including lower wireless network capacity, data throughput rate, range and coverage. Performance depends on many factors, conditions and variables, including distance from the access point, volume of network traffic, building materials and construction, operating system used, mix of wireless products used, interference and other adverse conditions.
