∥ 3 in 1 Device for All Your Needs†

Tapo H100

Smart IoT Hub

Use a long-distance, low-power wireless protocol to connect to battery-powered Tapo devices.

Smart Alarm

Protect your home security by coordinating with Tapo smart sensors (motion sensor, window/door sensor, and more).

Smart Doorbell

Easily build your smart doorbell system, by installing the Tapo smart button on the door.

†To build a smart alarm or smart doorbell, the Tapo Hub will need to work with certain smart devices.

// Features

- **Smart Alarm & Chime** – Pair with Tapo sensors and smart buttons to sound hub alarms or chimes when triggered.
  (Tapo sensors and Tapo smart buttons sold separately.)

- **Local Mode** – With the Tapo Hub, sub-devices and home automation work consistently within a Local Area Network (LAN).

- **Advanced Home Automation** – With the Tapo Hub, effortlessly control other Tapo devices by setting up automations triggered by Tapo sensors.

- **Ultra-Long Distance Connection** – With the low frequency wireless protocol, Tapo hub sends and receives data steadily throughout your home.

- **Ultra-Low-Power Performance** – Connect wirelessly with a wide range of Tapo accessories and never let your guard down.

- **Real-Time Notifications** – Monitor your entire home and all connected devices to get instant alerts when the activity is detected. The built-in alarm gives you more than enough protection.

- **19 Ringtone Options** – 90 DB[‡] built-in multiple ringtones for your customized scenarios.

- **Up to 64 Devices[#]** – Connect multiple devices to create a smart ecosystem for your home.

- **Device Sharing** – Easily share management permissions with each member of your family.

- **Easy Setup and Use** – No wiring required. Set up quickly and manage easily through the free Tapo app.

- **Flame-Retardant[△]** - PC flame-retardant materials help minimize burning hazards.

[‡]Decibel values may vary by ringtones and environmental factors.
[#]The max conenctions may vary by the types of smart devices connected.
[△]Made with V-0 (UL94) flame-retardant materials.

// Specifications

General

- Wireless: 2.4 GHz Wi-Fi, 922 MHz for connected devices*
- Rating: AC, 100-240 V, 50/60 Hz
- Power Consumption: 0.5 W
- Standby Power Consumption: 0.1 W
- Material: V-0 (UL-94) Flame retardant PC△
- LED&Button: Status LED, SYNC/Silence Button
- Built-in: 90 DB‡ alarm, 19 ringtones

Others

- Package Contents:

  Smart Hub Tapo H100

  Quick Start Guide

- Certifications: FCC, JRF, VCCI, ETL, NCC, BSMI, RoHS
- Operating Temperature: 0 ºC– 40 ºC (32°F–104°F)
- Operating Humidity: 10%–90%RH, Non-condensing
- Dimensions: 72×56.8×51 mm (2.83×2.24×2 inch)
